## Student InformationActors

### ★ Here is what you should prepare for your audition:

Be prepared to tell the story of your favorite movie or book in a convincing, interesting, and exciting way. Tell the story like you're saying it to someone who has never even heard it before! Your goal is to get this person to want to watch the movie/read the book. "Pitch" it to them! Tell the story in a way that lets the audience see the movie/book, even though they're not watching it, they're only watching you!

### ★ What will happen in your audition, step-by-step

1. Students will report to the Goldring Center at 3:30, sign in and assemble in the theater.
2. In groups of about five, students will be called into the audition room
3. **Once in the audition room, each student will be asked to tell the story of their favorite movie/book**
4. You will be expected to respect fellow auditioners while waiting. Your ability to follow project pride is also being evaluated!
5. Students will be thanked for their time, effort and risk-taking.
